

GORDON MOTE

Blind from birth, with 15 solo recordings, 21 Academy of Country Music Award nominations, two Grammy nominations, a Gospel Music Association Dove Award, and 30 years of touring, including 20 years as a solo artist, Gordon Mote has far surpassed any expectations he ever imagined while growing up in rural Alabama. The singer/songwriter/musician and three-time Academy of Country Music Keyboard/Piano Player of the Year has graced stages internationally with dozens of popular recording artists. Additionally, he has shared the recording studio with even more singers, serving as one of Nashville's most sought-after producers and musicians. His progressive keyboard artistry and smooth, rich vocal ability have made him a favorite among peers and music fans worldwide.
